

27th November – 9th December 2011
Training at the PRONACA Plant in Guayaquil, Ecuador

Participants

Under the lead of Mr. Vladimir Yépez, Managing Director of the PRONACA Plant in Duran, Ecuador (kneeing on the right site), a two week training in “Machines and Process Technology for the Feed Milling Industry” has been conducted at the customers place. 12 participants, mainly engaged in the field of production in one of the three PRONACA plants, joined the customer specific program, which has been split into 60% theoretical lessons and 40% practical work at the Duran plant itself. Shirley Rodriguez, HR Manager of the PRONACA Plant in Duran, (kneeing in the middle) signed responsible for administrative part.
