**Training at BRF Brazil Foods in Lucas do Rio Verde, Brazil**

**Summary:**

BRF Brazil Foods, one of the world largest feed company, organized in close cooperation with Buhler SA, Brazil and Adisseo, Latin America, a four days' training in state-of-the-art Feed Manufacturing Technology. Under the motto "Qualificação de Gestores" (Qualification/Education of leaders), around 60 Executives and Professionals from all BRF feed plants in Brazil joined the educational program, which has been held in Lucas do Rio Verde.

Thanks to the large BRF facilities in Lucas, theoretical lessons (approx. 75%) have been linked to a practical "touch and feel" part in their own feed production plant.
