

**18<sup>th</sup> Mai – 20<sup>th</sup> Mai 2016**

**Executive Feed Technology Training - Buenos Aires, Argentina**

**Summary:**

Every two years the Team of Buhler Argentina invites customers and professionals from the feed industry for an Executive Feed Technology Training to Buenos Aires, Argentina. Daniel Mueller, the Director of the Swiss Institute of Feed technology, held a two day training, covering the key process steps and explaining their importance to the overall plant performance & to the different quality parameters. One of the main focuses was about moisture management in the production, the influence of moisture management to assure final product parameters and to save energy and production costs.

Organized by:

Buhler Argentina and Buhler Brazil
